OLB Tech
— Global Technology & Business Partner —

Connecting Industry, Technology & Opportunity

Company Profile

OLB Tech

Creating Business Opportunities Through Global Networks

Connecting Korea, China & Vietnam
to create new business opportunities.

Industrial Business Development Partner | Engineering · Manufacturing · Global Network

2026. 11

Expanding Proven Shop-Floor Execution into a Global Industrial Business

Since 2018, OLB Tech has built strong execution in automation equipment assembly, setup and manufacturing operations.
From 2026, we are expanding into an industrial network business connecting Korea, China and Vietnam.

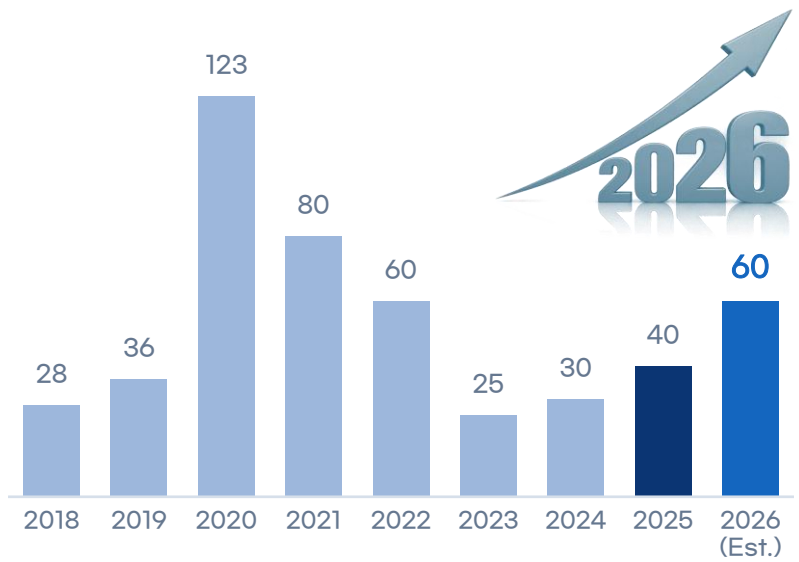

Founded	2026 Revenue (Est.)	Available Engineers	Business Bases
2018	**KRW 6.0B**	**130**	**3 Countries**
8 years on the floor	50% growth YoY	Flexible deployment	Korea · China · Vietnam

Company	OLB Tech Co., Ltd.
CEO	Ki-won Jeong
Capital	KRW 100 million
Head Office	643, S-Tower Prime, 111 Dosijiwon 1-gil, Pyeongtaek-si, Gyeonggi-do, Korea
Business	Equipment Assembly · Machining · Controls · Sensors · Global Business

Revenue Trend

Target: KRW 10B+ / year

Unit: KRW 100 million

Building New Growth Engines on Proven Field Execution

Built on customer trust and sales strength from the shop floor, in 2026 we shifted to a model linking global sourcing, technology and local execution.

2018
Company Founded

Launched automation equipment assembly & setup business

2020
Revenue KRW 12.3B

Large-scale projects in display, nano and more

2021~2024
Expanded Fields

Automotive · battery, mask production, logistics conveyor systems

2025
New Business Launch

Built Korea · China · Vietnam partner network

2026
Year of Transformation

Korea safety sensor distributor Enterprise sales executives join

Core Business 2018 ~ 2025

Assembly · Setup	Line assembly, commissioning, field support
Technical Support	Design review, engineering collaboration
Manufacturing Ops	Staffing, quality, on-time delivery

New Growth Business 2026 ~

Sensors · Materials	Korea distributor of safety sensors
Machining · Sourcing	KR · CN · VN machining network
Overseas Execution	Projects in China · Vietnam

From Design to Local Execution, All Through a Single Point of Contact

With proven partners, we connect every stage of equipment projects to cut our customers' time, cost and management burden.

01

Automation Assembly · Setup

- Equipment & line assembly
- Setup & commissioning
- Flexible project staffing

Core Business : Daebung

02

Precision Parts Machining

- Parts machining
- Quality & delivery control
- Competitive cost

Partner : LSP

03

Controls & Electrical

- PLC · PC control design
- Wiring & panel building
- Sensors · vision · testing

Partner : ADM

04

Industrial Sensors & Materials

- Korea distributor of safety sensors
- Sensor tech support
- Functional nano materials

LNTECH · LEMON

05

Overseas Business Support

- Equipment export to CN · VN
- On-site installation
- Car rental for global firms

C&C · VAI Robotics

One-Stop Workflow

Mechanical Design → Precision Machining → Controls · Electrical → Automation Build → Sensors · Materials → Install · Commission → Global Expansion

Supplying Globally Certified Safety Sensors at Competitive Prices

As Korea distributor of LNTECH, a Chinese safety sensor specialist, we own everything from supply to technical support and after-sales.

Distribution Partner

LNTECH 莱恩光电 LAI EN GUANG DIAN

Developer and manufacturer of industrial safety & automation sensors
Founded 2004 · 20+ years of R&D

Functional Safety

SIL 3 | PL e | Cat. 4

Global Certifications

CE | TÜV | UL | CSA

Key Products

- Safety Light Curtain
- Safety Relay
- Photoelectric Sensor
- Laser Safety Scanner
- LiDAR
- Safety Controller

Target Industries

EV Battery | Automotive | Semiconductor | Robotics | Smart Factory

Strategy

01 Approved vendor at major firms
Included in 2027 new capex specs

02 Domestic logistics hub
Fast supply via local stock

03 Tech support · after-sales
Customer feedback to the maker

OLB Tech's Role Not just a distributor, but a partner for needs analysis, product selection, tech support and after-sales

One Point of Contact Connecting Resources in Korea, China and Vietnam

Korea leads customers and projects, China manufacturing and technology, Vietnam field execution, all working as one team.

Korea

Factories in Hanoi · Bac Ninh

Single Window
All partners managed as one

Proven Partners
Quality proven over years

Cost Advantage
Machining & sourcing in CN · VN

Local Execution
Install · commission · support

Local Factories and Engineers in Vietnam Deliver Everything from Machining to Setup

Using partner VAI Robotics' Hanoi and Bac Ninh factories, we respond quickly on site to Korean and Vietnamese projects.

Factory Locations & Size

Hanoi | Machining

1,000 ㎡

Bac Ninh | Assembly · Setup

2,300 ㎡

31 Local Engineers

3	3	10	15
Mech. Design	Electrical	CNC	Assembly

Local Scope

- Local project sales · execution
- Install · commission · maintain
- Parts machining (4 MCTs · 2 mills)

A Core Team and 130 Available Engineers Flexibly Scaled to Every Project

Our core team organizes and manages partner engineers per project, delivering even large equipment projects reliably.

CEO Ki-won Jeong — Enterprise Sales Executives

Management 1	Admin · Sales 2	Design · R&D 2	Production · Setup 6
Admin · HR · Finance	Customer · partner relations	Spec review · tech support	Staffing · site management

Enterprise Sales Networks and Engineer-Led Execution Set OLB Tech Apart

Sales that truly understand customer needs and hands-on execution from design to site raise the odds of project success.

Proven Leadership · Enterprise Sales

Sales executives from leading Korean companies

Samsung Former Vice President

Key group executive · strategy & execution — **30+ yrs**

Hyundai Motor Former Sales Executive

B2B sales · project acquisition — **25+ yrs**

SK · LG Former Sales Executive

Materials · industrial goods sales — **20+ yrs**

01

One-Stop Delivery

We link every step from design to installation, cutting lead time and cost.

02

Engineer-Led Organization

Field-proven engineers handle spec review through commissioning, reducing miscommunication.

03

Proven Track Record

Delivered projects in display · nano, automotive · battery, mask production and conveyors.

04

KR · CN · VN Local Network

China's manufacturing strength plus Vietnam's local execution for better cost and delivery.

Starting with Sensors & Materials, Growing into a Global Industrial Platform

We secure stable revenue through sensor distribution, then expand step by step into manufacturing solutions and system integration.

Phase 1	Phase 2	Phase 3	Phase 4
2026	2027	2028 ~ 2029	2030 ~

Foundation

- Launch safety sensor distribution
- Build enterprise sales system
- Revenue KRW 6.0B

Supply Expansion

- Approved vendor at major firms
- Domestic logistics hub
- Target KRW 10B+ annual revenue

Manufacturing Solutions

- More machined parts supply
- Contract manufacturing · projects
- Automation system solutions

Global Industrial Platform

- Automation · system integration
- Smart factory solutions
- KR · CN · VN industrial platform

Revenue Growth Target

2025	2026 (Est.)	Mid-term Target
4.0 billion KRW	6.0 billion KRW	10+ billion KRW

Vision 2030
